

Service Provision Through Irish Sign Language

We provide a video-link service to a live Irish Sign Language interpreter, using a variety of programmes such as:

Skype, OoVoo or Microsoft video- conferencing.

This is an additional service and does not replace face-face interpreting.

The interpreter is based the SLIS centre and interprets over a computer with internet access and a webcam.

IRIS is available:

Tuesdays, Thursdays and Fridays 10am – 4pm

It can be used by public service providers such as Government Departments, Citizen Information Offices, FAS, and County Councils to provide information or answer queries.

- **Short Meetings (30 minutes max)**
