Research is taking place at **University College Cork**, in partnership with **Cork Deaf Association** and **Kerry Deaf Resource Centre**.

The project aims to support public bodies to improve their accessibility to members of the Deaf community whose first language is Irish Sign Language and to become Deaf aware.

We need the support of the Irish Deaf community to help us to complete this project. Please let us know what positive **#DeafAccess** means to you.

We are delighted to share an Irish Sign Language video which gives full information about this project. Please watch and share widely: <https://vimeo.com/335905603>
