FOODCLOUD DONATIONS- DUNNES STORES.

A few months ago, we began accepting food donations from Tesco as part of the FoodCloud donation programme. Tesco food donations generally come in on a Wednesday evening and are available to our customers on a Thursday morning.

We are now accepting donations from Dunnes Stores on a Monday evening and this food will be available free of charge

to any of our customers on a Tuesday morning.

If you would like to avail of any of these donations, drop in to our office on a Tuesday or Thursday morning/afternoon. Generally, the food is in good condition and comes from the bakery, salad or deli sections and is nearing its 'best before' or 'use by date'. Once it passes these dates, any left-over food will be used for composting or given to animal owners. For more information on the FoodCloud scheme, go to <https://food.cloud/how-foodcloud-works/>
